WATER OUTAGE NOTICE

MAY 05, 2021

Dear Valued Customer:

The City of Kenedy is committed to delivering safe, potable water to our customers. At times we, must make improvements to our water distribution system, this is one of those times that the construction could possibility effect the pressure in your area of the water distribution system. We will start working on **Thursday 06th 2021, Starting at 9:00 Am.** We will be tying into the water main and installing valves, for our crews to work on our water system safely and complete it in a timely manner, **it will be necessary to interrupt your water service for approximately 6 hours** or until we complete the project, we regret the temporary inconvenience. We are providing you and your neighbors with this notice so that you may make any necessary provisions to minimize the discomfort associated with the temporary loss of water or pressure.

When the water and pressure is restored, you will be under a BOIL WATER NOTICE

We will rescind the BOIL WATER NOTICE after we receive sample results, usually within 24 hours.

The area affected by this planned outage will include:

1400 BLK OF ELM, 1300 BLK OF MESQUITE, 300-400 BLK OF HACKBERRY, 300-400 BLK OF COTTONWOOD, 100-400 OF GRAHAM RD.

This work will be rescheduled in the event of any unforeseen issues that may come up. In the event that The City of Kenedy must reschedule, our work will be performed on **FRIDAY 07th** for the same time period. Again, thank you in advance for your cooperation and understanding. **You may contact us at the Public Works Department at (830) 583-3217 or at City Hall (830) 583-2230 if you have any questions or concerns.**

The City of Kenedy
